OUT OF LEFT FIELD...

An American slang phrase meaning "unexpectedly", "odd" or "strange", its origin is in baseball terminology referring to the area covered by the left fielder who has the farthest throw to first base. The phrase can also be taken to mean 'crazy' or insane. In Chicago, Cook County Hospital had a mental institution behind left field for the Chicago Cubs and the legend has it that patients could be heard yelling and screaming at fans behind the left field wall. Whatever the truth is, when something comes "out of left field", it is usually quite a surprise.

"Hey, since you're near Dayton, Ohio could I ask you a favor?" I texted Shauna Davis, Global Sales Manager for Equalizer® "Sure." she quickly responded; assuming that what I was about to ask was probably a simple request. I texted back "Ok, I have managed to acquire an ambulance :-)" and it just happens to be in Dayton and I wondered if you could swing by and..." My iPhone starts to buzz. I grin as I stop and wait a few rings before answering. "An ambulance!?" Shauna's voice rising sharply at the end. With a chuckle, I respond "Yes, I have been trying to acquire one for quite some time and I just closed the deal based on a final physical inspection and it ironically happens to be a few miles from where you are." After a few moments of silence, she laughs out "Will there be any firemen there?"

It's a crisp April afternoon as Shauna finishes her sales visits a few hours later. She turns in her rental car at the airport and catches an Uber to Riverside Fire Station #5 where the ambulance awaits. After a brief overview of the lights, siren, compartments and basic operation of the ambulance, the Chief then asks "Would you like to take it for a drive?" Shauna's eyes glaze over as reality sets in. "Uh, sure." she says, slowly taking the keys from the Chief's outstretched hand.

After a white-knuckled drive down Harshman Road and around Eastwood Lake, the deal is now done. Shauna gives a thumbs-up to the Chief and as he steps out of the ambulance. My second request begins to pulse inside of Shauna's brain as she visualizes driving a 5-ton, fully-functioning ambulance over 1300 miles to Texas. I'd sent a volunteer to help out.

The next morning, our Video Production Specialist, Patrick Lane, boards a flight to assist in the drive back. Shauna greets Patrick (in the ambulance) at the airport exit and they are on their way. They enjoy some funny moments like cars quickly moving out of the way in traffic, curious questions from people at gas stations, stares from Police but the best of their adventure is stopping in Memphis, Tennessee for a quality BBQ dinner and valet parking the ambulance. They made it home in 18 hours from start to finish.

You might be curious why I was having them rush back to Texas. The truth is that I had nothing to do with that. Shauna's motivation came from her favorite Aunt who told her "I only turn 50 once, so you better be at the party!"

Travelling across the roads of the USA has always been a part of the Equalizer® DNA. Since the very beginning, we like the feel of the open road and the adventures it can create for us. In 2017, Equalizer® will take to the road again with our new Big Red Truck initiative. Yep, that ambulance has now been transformed into an auto glass tactical response vehicle, loaded with everything we need to support our events. The Big Red Truck can display and help demonstrate Equalizer® products, supply and support a mobile Auto Glass Academy class and it transports enough power to even refresh or repair your worn out products right on-the-spot at any event. Stay tuned to equalizer.com/bigredtruck for details.

We hope you enjoy the 2017 Equalizer® Catalog. We are always striving to do our best to bring you the latest technology and the most innovative products available so that you can do your job effectively and never be stuck out in left field.

STAY TUNED, EVERYWHERE!

If you haven't seen Auto Glass TV yet, we've got some exciting news.

Auto Glass TV is a state-of-the-art, auto glass-specific broadcast now showing daily at your local auto glass supply warehouse.

Not only can you get important up-to-date local information like current traffic and weather conditions, but you can also watch industry focused information like the latest tools and products, industry news and announcements and the latest specials from your auto glass supply warehouse.

Check out our original programs. Real World Auto Glass shows you proven tips and shortcuts being performed on actual jobs as they happen. Look for 60 Seconds of Auto Glass Tech, where we show you the latest technology for taking care of those tough removal, replacement and repair situations we all encounter every day. On Wednesdays, you can watch Equalink, our pre-recorded "live" show where we announce Equalizer products and answer questions from the industry. Don't miss Tech Talk on Tuesdays and Thursdays where we sit down with industry movers and shakers for a one-on-one chat about their products, services or just to shoot the breeze. You can also learn about the latest removal, replacement and repair techniques on Auto Glass Academy: Instructables.

Auto Glass TV covers topics ranging from emerging technologies, to how to more efficiently work on everyday encountered vehicles and even those classics! Our shows respective hosts and instructors include widely respected industry professionals who are AGSC certified and have many years of experience to keep you informed on about the ever changing auto glass industry.

We're adding new locations frequently so stay tuned to autoglasstv.com to find your nearest Auto Glass TV broadcast!

Project Invention

HAVE YOU INVENTED OR DEVELOPED AN ORIGINAL TOOL OR IDEA THAT YOU FEEL OTHERS MAY BENEFIT FROM?

Equalizer® is interested in evaluating your idea or invention. Your invention could be produced and sold by Equalizer® under a royalty agreement that can generate income for years. If you have such an invention and are interested, please follow these two steps:

1. Visit our website www.equalizer.com, write or call Equalizer® at 1-800-334-1334 and request an invention disclosure agreement.
2. Return your signed agreement to Equalizer® along with your invention. Equalizer® will promptly evaluate your invention and notify you if a royalty is possible.

F22KIT • Equalizer® Raptor™ Deluxe Kit

Idea by: Dan Avery

The Equalizer® Raptor™ is a cord and wire auto glass removal device designed from the ground-up to dramatically improve the power of the vacuum cup with the integration of our AirForce™ Constant Vacuum Cups. This technology has been specifically developed by Equalizer® to create a quick placement and constant vacuum to the glass so the Raptor™ stays in place and resists sliding.

Kit includes: 1 of Each; Raptor® Tool with 1/2" Drive Ratchet, Pistol Grip Centerstart™, Mini Anchor, Venom™ Wire Dispensing Unit, 164' Roll of Squire2™ Wire, 100' Roll of RipCord™ HD, Wire Grabber Pliers & Cutter, Guide Pin Package, Clear Headliner Protector, Clear Dash Protector, Headlights™ Safety Glasses, Roll of Moulding Tape. All packaged in a ballistic nylon carry case with a foam liner.

The Raptor™ is powerful,
small, light and easy to maneuver
on all types of auto glass.

- AirForce™ Technology
- Low Profile Design
- No Pumping Required
- Long Battery Life
- Quick Charging

F22 • Tool Only

\$15

MT228 • Equalizer® All-In-One Mirror Tool

Invented by: John Wilson

Our pocket sized All-In-One Mirror Tool has 6 devices that work on a wide range of foreign and domestic vehicles. The MT228 features #2 Phillips, T15, and T20 drivers as well as hook and pick devices that are perfect for loosening, prying, aligning, and unfastening tabs and snaps. Additionally, the All-In-One Mirror Tool includes a spring latch mirror device for removing mirrors on Ford vehicles built after 2004.

\$13

MCT829 • Equalizer® Micro Clip Tool

Invented by: Jason Lowe

Our new Micro Clip Tool is designed to allow access into tighter spaces to release vehicle mouldings from the new smaller clips. The Micro Clip Tool gives the technician the ability to gently push or pull on the small release points of the clip, easily saving the clip and moulding for reuse.

- Honda Odyssey (2011-Up)
- Lexus CT200 A-Pillar Mouldings (2012-Up)
- Toyota Highlander (2011-Up)
- BMW 3,5 & 7 Series Side Moulding Clips (2000-Up)

- Thin blade holder for hard-to reach areas
- Quick blade change design

ZCLK34 • Equalizer® ZipKnife™ Long Knife • 12" Long **\$67**

ZCLK36 • Equalizer® ZipKnife™ Long Knife • 20" Long **\$72**

ZCLK38 • Equalizer® ZipKnife™ Long Knife • 24" Long **\$79**

ZipKnife™ Long Knives are made with an extremely thin utility knife bracket and a quick blade replacement design. The knives have no screws, levers or devices lessening the chance for damaging a vehicle. Uses all standard utility knife blades.

\$170

ZKS37 • Equalizer® ZipKnife™ Set

Set includes: 1 of Each; ZK35 ZipKnife™ Cold Knife and the ZCLK36 20" ZipKnife™ Long Knife.

\$165

ZKS47 • Equalizer® ZipKnife™ Set

Set includes: 1 of Each; ZK45 ZipKnife™ Compact Cold Knife and the ZCLK34 12" ZipKnife™ Long Knife.

\$107

ZK35 • Equalizer® ZipKnife™ Cold Knife

The ZipKnife™ Cold Knife has a unique radius that allows you to maintain a high level of control of the cutting head while permitting you freedom of movement exerting pressure in both cutting directions. Uses all standard cold knife blades.

\$107

ZK45 • Equalizer® ZipKnife™ Compact Cold Knife

The ZipKnife™ Compact Cold Knife is designed to remove glass in hard-to-reach areas such as quarter glasses and vent glasses as well as labor-intensive removals such as the areas around racks, cab-over camper shells and decklids. Uses all standard cold knife blades.

The Enforcer™ by Equalizer®

The Enforcer™ is a new, light-weight 20-volt cordless caulking gun engineered by Equalizer® to meet the rigorous requirements of the autoglass installation professional. The Enforcer™ is made of all metal gearing for heavy duty professional use. It has a powerful 1300:1 gear ratio which provides enough force to dispense high viscosity urethane with ease. Features a speed dial with a variable speed control trigger for better bead control and a unique clear barrel with a proprietary coating to reduce friction and eliminate bag wrap.

Choose between the 10 oz. (296ml) cartridge system, 16 oz. (465ml) clear barrel system, 20 oz. (592ml) clear barrel system, or either combo kit. Tool comes complete with a battery and a quick 35 minute charger.

Chemical and puncture resistant. Latex free and powder-free. Made of 100% nitrile. Box of 100.

\$173

VPS700 • All-In-One Vehicle Protection System

Ideal total protection for the vehicle interior containing 5 high-quality protection elements in 1 set. Each piece consists of a seat cover with integrated floormat, steering wheel cover, gear lever and hand brake protection. Comes with 200 pieces per roll.

\$27

RSP1371 • Reusable Seat Protector

The seat protector is made of heavy-duty nylon and double-stitched for durability. It has a pocket on the back to fit over the seat and hold it securely in place for maximum protection.

\$85

PZ1370 • Slip-N-Grip® Floor Mats • Box of 500

Made of tough plastic, not paper. Unlike paper mats, these plastic mats stay in place, and they do not degrade when they become wet.

\$60

PY1369 • Slip-N-Grip® Steering Wheel Protectors • Box of 250

Keep the steering wheel clean with universal-fit Slip-N-Grip® Steering Wheel Protectors.

\$85

PX1368 • Slip-N-Grip® Seat Protectors • Box of 250

These Seat Protectors grip the seating surface, keeping the cover in place and protecting the seat while you work on the vehicle. 100% recyclable.

\$52

VTP586 • Paint Protector

Many technicians put the vehicle's cowl, screws, and other parts on top of the vehicle when they are replacing the windshield. The problem with lying all these items on a vehicle is the possibility you will scratch the paint. Protect the vehicle with our Paint Protector. Made of a thick, soft, soil-proof vinyl.

\$10

TSP292 • TightSpot™ • Set of 2

Invented by: Temoc Reynosa

Installed in the proper position, these prevent damage to the vehicle being worked on or the one parked next to it. They are made of dense foam rubber with a soft vacuum cup.

\$40

FT1079 • Foam Tool Tray

Made of a lightweight, soft foam material that won't damage the vehicle. Has dual handles for easy carrying with a recessed area that is perfect for holding hand tools, screws, nuts and bolts safely and securely.

REMOVAL TOOLS

\$110

MSP211 • Equalizer® Wiper Arm Removal Kit

This kit has a different puller for each type of vehicle and the puller contacts as much of the arm as possible to spread the removing pressure out over a large area. Works on a variety of foreign and domestic vehicles. The kit consists of 6 windshield wiper arm pullers, 1 slide hammer, 1 pressure spindle, a users guide listing specific uses for each puller and all items packaged in a sturdy plastic carry case.

\$19

MKP356 • Equalizer® BigMouth™ Wiper Arm Removal Tool

This tool has a 1-3/4" opening between the pressure bolt and the prong jaws which is important when working on vehicles that have a deep wiper arm and longer, deeper bolt. The entire assembly is made of steel and can be used with a wrench or socket so you can put tremendous pressure on the wiper arm.

Patent No.
000888029-0001

\$48

WFA450 • Equalizer® Universal Wiper Puller

Our universal wiper puller has two sets of interchangeable arms and is made of hardened steel.

\$18

TWR609 • Equalizer® Wiper Arm Removal Tool

Wiper removal tool for bolt-on windshield wipers. Has a compact design that fits easily in small spaces. Made of steel with a durable plastic handle.

\$30

WP534E • Wiper Puller

Wiper removal tool for bolt-on windshield wipers. Made with a revolving concave head to keep it from slipping off of the wiper bolt and has a steel joining cross-member for extra strength.

\$24

LRR243 • Lexus Rearview Mirror Removal & Assembly Tool

For Lexus 300, 330 (1998-2005), 400 & 430 and some Toyota models.

\$12

GM602 • Breakaway Rearview Mirror Removal Tool

Tool that removes mirrors held in place by a spring clip that detaches the mirror when the air bag is deployed.

\$12

FMR482 • Ford Rearview Mirror Removal Tool

For removal of older Ford rearview mirrors.

\$16

JMR357 • Spring Latch Rearview Mirror Removal Tool

Our removal tool compresses the spring and allows you to slide the mirror off of the mirror button. For Ford vehicles built after 2004. Made of high-impact plastic.

\$15

MT228 • Equalizer® All-In-One Mirror Tool

Invented by: John Wilson

Our pocket sized All-In-One Mirror tool has 6 devices that work on a wide range of foreign and domestic vehicles. The MT228 features #2 Phillips, T15, and T20 drivers as well as hook and pick devices that are perfect for loosening, prying, aligning, and unfastening tabs and snaps. Additionally, the All-In-One Mirror Tool includes a spring latch mirror device for removing mirrors on Ford vehicles built after 2004.

REMOVAL TOOLS

\$13

MCT829 • Micro Clip Tool

Invented by: Jason Lowe

Our new Micro Clip Tool is designed to allow access into tighter spaces to release vehicle mouldings from the new smaller clips. The Micro Clip Tool gives the technician the ability to gently push or pull on the small release points of the clip, easily saving the clip and moulding for reuse.

- Honda Odyssey (2011-Up)
- Lexus CT200 A-Pillar Mouldings (2012-Up)
- Toyota Highlander (2011-Up)
- BMW 3,5 & 7 Series Side Moulding Clips (2000-Up)

\$16

FTF399 • Ford F-150 (2004-2008) Pickup Clip Remover

Invented by: Mike Kendall

Used to remove clips from the retainer on the body of the vehicle. Also works on Nissan Maxima and many others. Made of high-quality hardened steel.

\$36

MCR633 • ClipFork™ Clip Remover

The Equalizer® ClipFork™ will remove the step clip used on most Honda vehicles. FW2358, FW2351, FW2387

\$16

FCT686 • A-Pillar Release Tool

Invented by: Jason Lowe

This tool works on Ford Flex and Mini Cooper as well as many others with the arrow tipped style clips. Made in the USA.

- Honda Accord (2003 and up)
- Honda Civic (2001 and up)
- Honda Odyssey
- Acura RL, TL and TSX (2005 and up)

\$21

JLT656 • Honda & Acura Clip Removal Tool

Designed to work on a wide range of Honda and Acura vehicles with smaller or narrower openings than some of the older clips.

\$17

CTD607 • Recessed Cowling Clip Removal Tool

Easily fits down into recessed areas and then can be slid under the head of the cowling clip.

\$36

CCR819 • Cowling Clip Removal Tool

This tool has a small sharp screw that bites into the plastic head of the expansion-type cowling clips and pulls the screw out. The clip will then collapse and can be easily removed.

\$12

TPE657 • Clip Removal Tool

Our Clip Removal Tool has a V-groove with sharpened tips so it will slip under the head of the clip. Works on many cowling and many drip gaskets.

\$53

CRT250 • Door Panel & Cowling Clip Removal Tools

Set of 5 Tools

These tools are made with different size openings that will grab and hold the clip, and different lengths so you can put them far behind the door panel to reach deep-recessed clips. Made of the highest quality, heat-treated stainless steel

REMOVAL TOOLS

\$7

DEC381 • Double-End Moulding Release Tool

This tool has a small rubber spacer through each end to hold the tool up off of the glass about 1/32". This prevents the tool from scratching the glass and holds the end above the glass so there is less of a chance the tip will catch the edge of the glass and break it. Made of steel.

\$16

RFM683 • Christmas Tree Moulding Remover

This tool is thin to fit under mouldings and wide enough so as not to tear them. The long curve allows for leverage to pry against the glass. The wide shank is coated with soft plastic so it absorbs shock and is less likely to break the glass. Made in the USA.

\$9

MR747 • Moulding Release Tool

This tool is designed to release the moulding from the clip and is made of high-carbon steel. Works well with older model vehicles.

\$7

IW1214 • Double-Direction Moulding Release Tool

Our Double-Direction Moulding Release Tool is made of hardened steel and has been an industry standard for over 50 years.

\$18

TCR370 • Clip Remover

Works on Toyota, Honda, Infiniti, Lexus, Acura & Subaru. Made in the USA.

\$24

GBM446 • PryBaby™

This set contains 5 specially shaped sticks for prying, smoothing, spreading, and removing. Each tool is made of a tough yet flexible polycarbonate material.

\$60

PDT443 • PryDaddy™

This set contains a total of 12 tools; 11 specially shaped sticks plus 1 hammer all for all of your prying, smoothing, spreading, removing, tapping and pushing needs. Each tool is made of a tough yet flexible, polycarbonate material. Comes in a handy roll up tool pouch.

\$21

BMR1488 • Belt Moulding Remover

Designed to both remove and save belt mouldings that were installed with clips that are slid down from the top and clamp into the metal.

\$36

DPO585 • Rivet Stem Remover

Invented by: David LaPoint

This tool has a contoured end so it will sit over the rivet and align perfectly with the rivet stem. With several light taps of a hammer the rivet stem is driven out.

\$30

AEP1132 • EasyPunch™

Designed to remove rivet stems with the hammering device built into the EasyPunch™, which is delivered with a simple push on the handle. Eliminates the need for hammering. Not for use on steel rivets.

REMOVAL TOOLS

\$10

DCR244 • Door Panel Removal Tool

Made of hardened steel.

\$8

CT749 • Window and Door Clip Remover

This tool works on GM, Ford and most common C-clips. Flared sides prevent the metal from damaging the door panel and a unique back-end firmly holds the clip. Made in the USA.

\$12

TRL350 • Door Panel Clip Removal Tool

Designed with tapered, thin edges to easily slide under a clip and prevent damage. The total length of the tool is 11-1/2". It is made of hardened steel and powder-coated.

\$8

JCS452 • Compact C-Clip Remover

The Compact C-Clip Remover has a flat design that will let you use it from all sides.

\$14

PH1355 • Curved Door Upholstery Remover

This tool is designed for removing plastic or metal fasteners in confined places. Works great on the front part of the door where the doorjam will often interfere with the removal of the door panel.

\$11

BT590 • Clip Removal Tool

This tool will reach a full 4" under the panel to remove the deepest clips. The other end is 2" deep to remove normal clips.

\$12

DUR748 • Door Upholstery Remover

For plastic or metal fasteners
It is made of hardened steel with a large, comfortable handle.

\$30

CZ444 • Clip-Zip® Clip Removal Tool

The outside portion of the jaws lay against the body while the inside portion grabs the clip firmly so it can be lifted up without damaging the panel.

\$31

SCR696 • Door Upholstery Remover

Features a tapered front to easily fit under all types of clips. Especially great for removing door panels. Made in the USA.

\$24

AP6205 • Springer Clip Removal Tool

The tapered tip allows entry under closely fitted parts and the rounded edges avoid damage to the trim or vehicle.

\$32

JFT323 • LongHorn Seat Release

The forked end - For use with 2004-2010 Ford F-150 pickups that have bolted in back glasses. The opposite end - For use with 2010 (and up) Ford F-Series 4 Door Trucks.

\$12

HRT367 • Hose Removal Pliers

Designed to save the hose that runs to the windshield wipers by pushing it off quickly and without damage.

REMOVAL TOOLS

\$375

SE545 • Snake Eyes™

Examine difficult-to-reach areas normally hidden from sight. Locate clips and stops as well as thick areas of urethane. Diagnose rust on the pinchweld prior to removal. Kit comes with Snake Eyes™ tool, imager head/ cable, USB cable, mirror head, video-out cable and charger.

\$57

SNS675 • Slip-N-Slide™

Invented By: Duane Roser

Tab Retractor Tool for door glass removal. Made of heavy-duty, flexible plastic that can be bowed in either direction to accommodate all types of removals. *Some vehicles may require the use of 2 tools at once.

For use on select 2009 (and up):

- Dodge
- GM
- Chrysler
- Ford
- Jeep

Designed to absorb repeated striking from the blade and uses a vacuum hold down tool to exert pressure to keep the pinchweld protector in place. The Ricochet™ Pinchweld Protection System includes: one each 12", 18", 24", and 48" long pinchweld protectors and 4 vacuum hold down tools. The BounceBACK™ Pinchweld Protection System includes: one each 12", 18", 24", and 48" long coated pinchweld protectors, and 4 vacuum cup hold-down tools.

CWP289 • 99' Roll • \$117

Made of a clear, flexible, self-adhesive film, WindowGuard™ is perforated every 36" to make installations fast and easy.

\$30

LB779 • Equalizer® Pumper™

The Pumper™ is a vinyl-encased inflatable bag to assist the technician in applying outward pressure on the glass. It exerts over two hundred pounds of outward pressure over a one-foot area. You will find it useful in any area where you want to exert constant outward pressure while cutting urethane. Made with a tough, exterior. Made in USA.

RAPTOR™

POWERED BY
AIRFORCE™
CONSTANT VACUUM CUPS

"The speed and ease and the grip [the Raptor] has was incredible, even [in] the severe cold."
"I would not hesitate to tell someone to use [the] Raptor". It is very small and works on and sticks to everything from defrosters, window tint to wet glass."
—Mitch Becker, ABRA Auto Body & Glass

F22KIT • Equalizer® Raptor™ Deluxe Kit

Idea by: Dan Avery

The Equalizer® Raptor™ is a cord and wire auto glass removal device designed from the ground-up to dramatically improve the power of the vacuum cup with the integration of our AirForce™ Constant Vacuum Cups. This technology has been specifically developed by Equalizer® to create a quick placement and constant vacuum to the glass so the Raptor™ stays in place and resists sliding.

Kit includes: 1 of Each; Raptor® Tool with 1/2" Drive Ratchet, Pistol Grip Centerstart™, Mini Anchor, Venom™ Wire Dispensing Unit, 164' Roll of Squire2™ Wire, 100' Roll of RipCord™HD, Wire Grabber Pliers & Cutter, Guide Pin Package, Clear Headliner Protector, Clear Dash Protector, Headlights™ Safety Glasses, Roll of Moulding Tape. All packaged in a ballistic nylon carry case with a foam liner.

The Raptor™ is powerful, small, light and easy to maneuver on all types of auto glass.

- AirForce™ Technology
- Low Profile Design
- No Pumping Required
- Long Battery Life
- Quick Charging

\$639

VIP1138 • Equalizer® Viper™ Deluxe Kit

Invented by: Eric Asbery & Gilbert Gutierrez

The Equalizer® Viper™ is a cord and wire removal device designed for small quarter glass removals, but can also be used on windshields and back glasses. The double direction capability of the reel allows for optimum use and the magnetic points on the ratchet shaft ensure that your ratchet stays firmly attached to the tool, even in steep and vertical scenarios.

Kit Includes: 1 of Each; Viper™ Tool with 1/2" Drive Ratchet and 1-1/8" Socket, Pistol Grip Centerstart™, Mini Anchor, Venom™ Wire Dispensing Unit, 164' Roll of Squire2™ Wire, 100' Roll of RipCord™HD, Wire Grabber Pliers & Cutter, Package of Guide Pins, Clear Headliner Protector, Clear Dash Protector. All packaged in a soft carry case with foam liner.

PWT1113 • Equalizer® Python™

Our Python™ is a rotating cord and wire removal system which uses a unique, directional suspension reel that allows for safe and effective glass removal. With just the rotation of the curved stainless steel slide bar, the cord and wire will cut through the toughest urethane with no resistance.

Kit Includes: 1 of Each; Python™ Cup Assembly, Slither™, Venom™ Wire Dispenser, T-Handle Centerstart™, Installation Stick, Clear Dash Protector, Wire Grabber Pliers & Cutter, Package of Guide Pins and 4-Rolls of Squire2™ Wire (A total of 656 feet) along with an Instructional DVD. All packaged in a heavy-duty plastic, foam lined case.

\$1204

MRC1105 • Equalizer® Cobra™

The Cobra™ is a cord and wire removal system that uses a smooth, ratcheting process to glide through tough urethane with ease. Setup takes just a few minutes and removal can be done without leaving a single mark on the pinch weld.

Kit Includes: 1 of Each; Cobra™ Cup Assembly, Ratchet, Mini Anchor, Wireguard™, T-Handle Centerstart™, Installation Stick, Clear Dash Protector, Equalizer® Headlights and 4-Rolls of Squire2™ Wire (A total of 656 feet). All packaged in a heavy-duty plastic, foam lined case.

\$17

LWH200 • Set of 2 GripTite™ Handles

GripTite™ Handles are designed with a hollowed-out, wedge-shaped shaft with a unique design keeps the wire away from your fingers at any angle and gives you a non-slip grip.

\$16

TWH500 • Set of 2 TightWire™ Grips

These grips hold cut-out wire quickly and securely. They work equally well on solid, square or braided cut-out wire.

\$19

DWH521 • Set of 2 GripTite™ VC

Wire gripping handles with quick wire release & vacuum cup holders.

\$194

VSR73 • VSR73E SideWinder™

The SideWinder™ acts like another person sitting inside the vehicle pulling the wire back after you have made your cutting stroke. It is manufactured with a powerful vacuum cup that is attached to the inside of the windshield and an aluminum swivel, riding on a ball bearing, allows the swivel to follow the wire. Made in the USA.

Kits include: 1 of Each; SideWinder™ cut-out tool, Roll of TW72, Wirestarter™, and handle grip.

\$478

SP1416 • Equalizer® Express™ Air

The Equalizer® Express™ Air has a powerful motor to cut the thickest of urethane, but is compact enough to fit into the smallest space. It features a ball bearing construction and uses Equalizer® Express™ Blades Only.

\$30

ES1406 • Equalizer® Express™ Sheath

The sheath is the unique idea that allows the Equalizer® auto glass cut-out knives to use a flexible blade and gives the blade added support.

\$18

MEH234 • Express™ Blade Handle

Invented by: George Lytton
A lightweight aluminum handle for Equalizer® Express™ Blades.

\$42

EHF173 • Express™ Specialty Blade

Designed to cut around very radical curves in the glass, and in vehicles that have corners with a sharper-than-90° angle.

Express™ Standard Blade

BFE1401 • 1-1/2" W x 10" L • \$42

LBE1403 • 1-1/2" W x 12" L • \$42

BFE1400 • 3" W x 10" L • \$42

LBE1402 • 3" W x 12" L • \$42

RLE1404 • 3" W x 14" L • \$47

The Equalizer® Express™ Blades are designed to cut through wide beads of urethane using a flexible material that puts less stress on the glass.

Express™ HydroBlade™

EHB145 • 1-1/2" W x 10" L • \$42

EHL146 • 1-1/2" W x 12" L • \$42

EHB186 • 3" W x 10" L • \$42

EHL187 • 3" W x 12" L • \$42

EHE160 • 3" W x 14" L • \$47

Express™ HydroBlades™ are designed with dimples stamped on the side of the blade that rides against the urethane for carrying cutting lubricant into the urethane.

Express™ Spacer Blade

EHS174 • 1-1/2" W x 10" L • \$48

EHS175 • 3" W x 10" L • \$48

These blades are designed to hold the blade below the moulding and prevent the blade from cutting into the encapsulation to save unbroken glass. Also works well to cut mouldings with metal inserts.

Piranha™ Blade

PHB169 • 3" W x 10" L • \$48

PHB174 • 3" W x 12" L • \$48

PHB175 • 3" W x 14" L • \$53

The Equalizer® Piranha™ blade uses the same cutting technology as the original HydroBlade™ but also incorporates serration on a portion of each side of the blade, making cutting from left to right and right to left much easier.

Quarter and Corner Glass Blade

HQS176 • Narrow Passenger

1-3/8" W x 12" L • \$42

HQS177 • Narrow Driver

1-3/8" W x 12" L • \$42

These narrow blades are designed to cut quarter glasses that come to a sharp point in the back. They are also very useful on those vehicles that have corners with sharp angles. The blades are flexible to allow the tool to be held outside the quarter glass opening while cutting inside.

HQW178 • Wide Passenger

2" W x 12" L • \$42

HQW179 • Wide Driver

2" W x 12" L • \$42

These wide blades are designed to accommodate the quarter glasses and corners that are not as pointed. Each blade is designed for a specific side of the vehicle.

REMOVAL TOOLS

Equalizer® Talon™ Oscillating Blades

These high-quality blades are made of flexible stainless steel, so they will flex before they break. This ability acts as a warning. When you see the blade start to flex, you know it is time to back-off and decrease the amount of pressure. The blades are flat on one side so they will ride against the glass and cut the urethane at the point of least resistance. These blades will fit the Falcon™, Raven™, and TimeSaver™ tools as well as most oscillating tools in the market. These blades will not fit the Ninja™ line of tools.

Specifications:

Power Source: 12-Volt DC

Strokes Per Minute: 6400

Stroke Length: 1/8" (4mm) Fixed

Tool Weight: 2.9 lbs.

Battery & Bag Weight: 4.1 lbs.

Noise: 80 dBA

Accessories:

\$45

ETSCEXMP • 6-1/2' (2M) Extension Cable With Merit Plug & Socket

\$55

ETSCEXAC • 6-1/2' (2M) Extension Cable With Merit Socket & Clamps

\$73

ETSB5 • 12-Volt Replacement Battery

- Up to 30 minutes of non-stop operating time (depending on the application).
- Weighs only 3.5 lbs.
- Battery life is 300-600 charges.
- Does not include bag.

\$156

ETS12B5 • 12-Volt Battery in Bag

- Up to 30 minutes of non-stop operating time (depending on the application).
- Weighs only 4.1 lbs.
- Battery life is 300-600 charges.

\$67

ETSCAC • 12-Volt Battery Charger

Charges in approximately 1 hr. and 15 min.

\$1323

ETK1205 • BTB E-Tool

The BTB E-Tool system is small, powerful, lightweight and portable. It has a smooth cutting action and uses a variety of blades for removing glass, mouldings, emblems and body panels. This tool runs off of a 12-Volt battery pack that comes in a handy carrying bag with a strap.

ETK12STR Kit Contents:

1-E-Tool
1-12V Battery in Carry Bag
1-Charger
Blades: WK2S, WK4ZS,
WK27M, WK28M
Cutting Depth Control Arms:
WK11BW5, WK11FW

SPB345 • Guide For Blades • \$5

The WK10HD can be used as a saw. WK610 (18 teeth per inch) for cutting plastics, WK624 (24 teeth per inch) for general use and WK630 (32 teeth per inch) for cutting metal/steel.

\$6.00

WK9 • Spray Bottle

Adjustable spray 6 oz. bottles made of high density Polyethylene.

\$786

WK10HD • BTB Air-Powered Tool

The BTB system is an all-encompassing system for the removal of glass, mouldings, emblems, and body panels. At the heart of this system is the WK10HD Power Tool. This tool has an exclusive short and fast In-line stroke that absorbs the reciprocal cutting action of the blades. It is small, powerful and lightweight. The nylon head avoids scratching glass or painted panels. The tool is CE rated and has a fully adjustable speed, stroke and power and you can change the blade in 10 seconds. Tool Only. Does not include blade or depth control arm.

REMOVAL TOOLS

The BTB System incorporates SIX basic blade types:

- Standard Flat Blades
- 'Spade' Blades
- Standard Bent Blades
- Powered Cold Knife Blades
- Standard 'Z' Blades
- Pinchweld Trimming Blades

Standard Blades

Flat, Bent, and 'Z' blades provide for a variety of lengths, flexibility, angles and blade tips.

NOTE: See colour coding below

Non-Serrated vs Serrated Tips

Non-Serrated blades can be used in all removal applications.

Serrated - "S" blades provide a faster and more aggressive cut for glass removal.

Color Coding

Yellow

YELLOW blades cut with the flat side of the blade tip facing and cutting against the glass surface.

Orange

ORANGE reverse blades cut with the flat side of the blade tip facing and cutting against the pinchweld, underneath encapsulated glass mould.

ORANGE & BLUE blades have their cutting tips bent opposite to **YELLOW** blades.

Green

GREEN and **BLUE** blades are a double bevelled safety-edge version of **YELLOW** and **ORANGE** blades respectively.

Blue

Flexibility

Flexible blades are simply ground thinner, allowing the blade to bend and follow the contour of curved glasses.

Spade Blades

BTB's non-serrated spade blades are great for removing body side mouldings, emblems & nameplates.

To use the serrated blades, push them forward to cut with the wide face or pull them backward to cut with the serrated side.

Powered Cold Knife Blades

BTB's Powered Cold Knife Blades cut out a glass from outside the vehicle the same as a manual cold/pull knife. There is no strain on operator or physical force required because the BTB power tool does all the cutting work, more efficiently and safer for the vehicle and yourself.

Also available in reverse **Orange** grind for encapsulated glass.

Pinchweld Trimming Blades

BTB's exclusive anti-scratch trimming blades are uniquely sharpened with special wings on each side, leaving the correct adhesive thickness for re-bonding and eliminating damage to paintwork and vertical pinchweld walls.

ZIPKNIFE

\$107

ZK35 • Equalizer® ZipKnife™ Cold Knife

The ZipKnife™ Cold Knife has a unique radius that allows you to maintain a high level of control of the cutting head while permitting you freedom of movement exerting pressure in both cutting directions. Uses all standard cold knife blades.

\$170

ZKS37 • Equalizer® ZipKnife™ Set

Set includes: 1 of Each; ZK35 ZipKnife™ Cold Knife and the ZCLK36 20" ZipKnife™ Long Knife.

ZIPKNIFE

\$107

ZK45 • Equalizer® ZipKnife™ Compact Cold Knife

The ZipKnife™ Compact Cold Knife is designed to remove glass in hard-to-reach areas such as quarter glasses and vent glasses as well as labor-intensive removals such as the areas around racks, cab-over camper shells and decklids. Uses all standard cold knife blades.

\$165

ZKS47 • Equalizer® ZipKnife™ Set

Set includes: 1 of Each; ZK45 ZipKnife™ Compact Cold Knife and the ZCLK34 12" ZipKnife™ Long Knife.

REMOVAL TOOLS

Patent No.
6,256,889

\$65

PBR313 • Push-Button Release Cold Knife

500003 • Pull Handle • \$13

Change blades with a push of a button. Made with a textured grip and a coated wire handle. Comes with one RKB10SS blade. Made in the USA.

\$70

NEC398 • Power Advance Cold Knife

Designed with an adjustable Y-shaped attachment and a unique blade retaining method that lets you change the blade in seconds and set the blade to any depth. Comes with one 1" blade. Made in the USA.

\$34

LCK645 • Loop Handle Cold Knife

LFK546 • Loop Handle • \$16

This cold knife has a loop handle designed to fit your hand and give you a comfortable grip. Comes one Z2 blade.

Patent No.
7,596,871

Quickknife™

BNQ271 • \$67

BQS257 • \$65

PN3010RK • Pull Handle • \$10

A fully adjustable cold knife with unique quick lever design for fast blade change and height adjustment without pins or bolts. The BQS227 is 1-1/4" wide and the BNQ271 is 1-1/2" wide. Each come with one Z2 blade.

Equalizer® Cold Knives

GK380 • Standard • \$24

CTK382 • Economy • \$21

RH161 • Pull Handle • \$9

FA162 • Spacer Assembly • \$2

These knives have a stainless steel pull cable with a fused end flute and large, easy-to-grasp aluminum pull handle that is virtually indestructible. GK380 is 4-3/8" Long and comes with one Z2 blade. CTK382 is 5" Long and comes with one Z4 blade.

Patent No.
6,256,889

Reid Push-Button Cold Knife

JPB512 • \$61

IJ1205 • \$60

500002 • Pull Handle • \$13

Change blades with a push of a button. Made with a textured grip and a coated wire handle. JPB512 is 4-1/2" L x 1-1/4" OD. IJ1205 is 4-3/4" L x 1-1/2" OD. Each come with 1-RKB10SS blade. Made in the USA.

Patent No.
7,596,871

\$25

PN3001K • UltraWiz® Cold Knife

PN3010RK • Pull Handle • \$10

This knife has the pull handle built into the body and allows for quick blade change. Comes with one 1" blade. Made in the USA.

\$22

3005K • UltraWiz® UltraOne

3005RC • Pull Handle • \$9

A one-set-screw system that allows quick-changes and a fully adjustable blade.

\$17

UKB498 • Equalizer® Utility Knife Blades • Pkg of 100

Equalizer® Utility Knife Blades will fit all standard utility and cutting knives.

\$7

ULB582 • Equalizer® Extra-Long Utility Knife Blades • Pkg of 10

Equalizer® Extra-Long Utility Knife Blades are designed with a longer length between the two notches to give you the option of more exposed cutting area.

\$22

DD1086 • Equalizer® Extra-Long Serrated Utility Knife Blades • Pkg of 10

Our Serrated Utility Knife Blades are designed for a sawing cutting method and with a longer length between the two notches to give you the option of more exposed cutting area.

U-Groove Cut-Out Knife

- UCH319 • With Handle • \$27**
- UCC320 • Without Handle • \$19**
- UCS321 • Small Blade • \$3**
- UCL322 • Large Blade • \$3**

This knife allows you to remove urethane from the pinchweld without damaging the pinchweld wall and encapsulations. Comes with one small and one large blade.

REMOVAL TOOLS

\$19

SFE329 • Express® Blade Sharpener

Our blade sharpener puts the chisel-type edge on the blade and keeps your cut-out knife operating at peak performance.

\$11

Diamond Files LTR274 • Fine LTB275 • Coarse

The red is fine and will put a razor edge on your cutting tools. The blue is coarse and will sharpen blades like normal. Measures 7" long with the file area at 2-1/2" long. Made of monocrystalline diamonds.

\$12

SHS792 • Sharpening Stone

Great for sharpening Equalizer® Blades, cold knife blades, or any other blade you want to put a razor-sharp edge on.

\$4

4237 • Equalizer® High-Heat Grease 2 Oz.

Designed for greasing moving parts but can also be used for lubricating the inside of the Express® sheath.

\$10

SLL347 • Super Lube® Lubricant 3 Oz.

For use on the inside of the sheath which will extend the life of your sheath. This clear, non-toxic formula protects in temperatures ranging from -45°F to +450°F and its effectiveness will not be reduced by cutting lubricant or water.

\$10

**ECL784 • Equalizer®
Cutting Lubricant • 8 Oz.**

Using our lubricant improves cutting action and reduces drag on the blade. Made in the USA.

\$16

**PLS429 • Equalizer®
Aqualizer™**

This is a 1-1/2 quart pump style sprayer that has a "lock" position on the handle for when you need to really soak an area.

\$30

**POLY2 • Equalizer®
SuperSoaker™**

This 1 liter sprayer produces maximum pressure and utilizes a thick rubber O-ring for an effective seal. Has a "lock" position and a pivoting nozzle with spray guard.

REMOVAL TOOLS

All Equalizer® inverters have automatic thermal protection, extra surge capacity, low input voltage alarm, low battery shut-down, and reverse polarity protection. The low battery shut-down turns the inverter off if the battery is drained to 10 volts, and that is more than enough to crank the vehicle for several minutes. Equalizer® Inverters have a 1-year warranty against factory defects.

\$260

CES1475 • 1000 Watt

12-Volt DC to 120-Volt AC
Inverter

Unit measures:

7-9/16" L x 6-1/4" W x 3" H

Includes a set of 3' hook-up wires.

SVE802 • Olfa® Silver Knife
SVB803 • 9mm 59° Breakaway Blades
Pkg of 10 • \$9

.....
This high-quality stainless steel knife uses a retractable breakaway point blade design. Comes with 1-SVB803 blade.

PREPARATION TOOLS

SuperScraper™ **SC300 • Tool Only • \$12** **SK345 • Kit • \$30**

The SuperScraper™ has a lightweight aluminum shaft with a quick-change collet that lets you change the blade in seconds. It measures 10" long and has extra blade storage in the handle for 1/2" blades. Tool Only comes with five 1/2" blades.

Kit Includes: 1 of Each; SuperScraper™, package of 5 - 1/2" Blades, package of 10 - 5/8" Blades, and package of 10 - 3/4" Blades.

PrepMaster™ **PM0299 • Tool Only • \$10** **SKE291 • Kit • \$24**

A compact pinchweld scraper tool that has the ability to change a blade in seconds. Tool Only comes with one 1/2" blade.

Kit Includes: 1 of Each; PrepMaster™, package of 5 - 1/2" Blades, package of 5 - 5/8" Blades, package of 5 - 3/4" Blades, package of 5 - 5/8" Angled Blades, SPE242 Utility Knife, and a package of 5 utility knife blades.

SuperScraper™ & PrepMaster™ Blades **SC301 • 1/2" • Pkg of 5 • \$2** **ST456 • 1/2" • Pkg of 10 • \$4** **NY1246 • 5/8" • Pkg of 5 • \$2** **NT467 • 5/8" • Pkg of 10 • \$4** **NZ1347 • 3/4" • Pkg of 5 • \$2** **MZT468 • 3/4" • Pkg of 10 • \$5**

Thin surgically sharp, stainless steel blades.

\$13

SC170 • Wide Pinchweld Preparation Tool

This durable tool trims urethane with ease from the pinchweld and glass. Includes one blade.

\$7

MS496 • Equalizer® Mini Scrapers • Pkg of 6

Our Mini-Scrapers feature an easy and safe blade change method and come with one single-edge razor blade.

\$7

**RB497 • Equalizer® Razor
Blades • Pkg of 100**

Tough strong industrial razor
blades used to remove everything
from stickers to excess urethane.

\$16

**JPB391 • Plastic Razor
Blades • Pkg of 100**

These blades won't damage plastic coated
windows, paint or other surfaces that can
be scratched or marred by metal razor
blades. They also fit into our mini
scrapers (MS496).

Pinchweld Preparation Tool

SB531 • No Cover • \$20

LTS595 • With Cover • \$22

EQS785 • Blade • \$8

These tools have 3/4" wide
blades made of spring steel with
an aluminum handle.

**The Razorback™
Pinchweld Cleaning
System**

BT634 • Complete Kit • \$103

BT636 • 1/2" Blade • \$7

BT637 • 3/4" Blade • \$7

BT638 • 1" Blade • \$7

BT639 • 1-1/4" Blade • \$7

BT635 • Below Fender Blade • \$7

The Razorback™ blades are ground with a
slight back angle that keeps you
from scratching the bottom or sides of the
pinchweld. The corners are rounded so
they will not scratch the bottom corner
of the pinchweld. By using the proper
width blade, you can trim up against the
headliner and leave the old urethane
attached to it.

*Kit Includes: 1 of Each; 1-1/4", 1", 3/4", 1/2"
wide pinchweld cleaners, below-the-fender
pinchweld cleaner and round file. All neatly
in a canvas pouch that folds over at the top
of the tools and seals tightly.*

PREPARATION TOOLS

\$12

**1-1/2" Pinchweld
Preparation Tool**
IHW716 • 7" Long

Used to remove urethane and butyl from the pinchweld.
Made with a hardened steel blade and long shank to keep your hands away from pieces of broken glass.

BTB "Winged" Anti-Scratch Pinchweld Preparation

WK6SET • Kit • \$95

WK6S • 1/2" Wide Blade • \$21

WK6M • 3/4" Wide Blade • \$21

WK6L • 1" Wide Blade • \$23

WK7 • Handle • \$14

WK7L • Double Handle • \$23

These blades are sharpened on the outside of the curve and help to avoid damage to paint when removing excess urethane after a windshield removal or removing urethane with shattered tempered glass fragments.

Kit Includes: 3-"winged" blades (1/2", 3/4", and 1"), 1- 1-9/16" wide prep blade, 1-WK7 handle and 1-hex key.

Putty Knives/Pinchweld Preparation Tools

FR4201 • 3/4" • \$7

FR4202 • 1-1/4" • \$7

FR4203 • 1-1/2" • \$7

The blade of these putty knives are .050" thick which is a little thinner than a normal pinchweld scraper, but because they are made of high carbon steel they will not flex too much and will maintain a sharp edge.

\$30

MCP257 • Metal Cleaning PrepSticks Pkg of 12

A safe and simple, no mess solution to neutralizing left over rust particles and to etch the metal for better primer adhesion.

*Individual tubes cannot be resealed for later use.

*Store in cool, dry place.

Not to exceed 120°F

\$13

SP3437 • Sanding Prep Pen

PR3438 • Refill Cartridges
Pkg of 2 • \$11

For Fine Sanding & Cleaning
Our retractable Sanding Prep Pen goes where other tools or sand paper can't reach. Includes one extra sanding cartridge.

PREPARATION TOOLS

\$17

RPS601 • Paint & Rust Stripper

This pad is very aggressive and is intended for use when the rust is more than just superficial. It is 4" in diameter, 1/2" wide and comes with a built-in 1/4" mandrel. Can be attached to any drill that runs less than 3,500 RPM.

\$6

JWW608 • Mounted Rust Removal Brush

This brass coated, stainless steel brush measures 4" in diameter, 1/2" wide and can be attached to any drill that runs less than 4,500 RPM.

\$5

70603 • Crimped 3" Wire Wheel Brush -- Coarse

This brush measures 3" in diameter and 3/8" wide with a 1/4" mandrel and can be mounted to any drill for fast effective rust or debris removal. It is coarse and more aggressive for difficult removal of rust.

\$6

PBS598 • Rust Removal Brush

These brushes are only 8" long with a wooden handle that is 7/16" square. The stainless steel brushes are arranged in 3 rows and measure 1-3/8" long and 3/8" wide.

\$12

JEB569 • Pinchweld Cleaner

This brush has soft bristles yet enough stiffness to sweep the dust and dirt out of the pinchweld.

Pinchweld Cleaning Brushes

TO1437 • Pkg of 10 • \$5
ABC421 • Pkg of 100 • \$24

Our brushes are made of horsehair so they have the stiffness needed to brush away the grime, but are soft enough to keep from damaging the paint or pinchweld. Brushes are made with a thin, metal handle that is 6" long and 5/16" in diameter.

\$157

NPD221 • Equalizer® BLOWHARD™

Idea by: Joseph Demers
 Equalizer® BLOWHARD™ is a powerful compact blower used to dry moisture quickly and remove debris from the vehicle.

\$9

ME1281 • Frit Paint Marker

If the frit around the edge of a glass has a scratch and the scratch is not in an area where the adhesive is applied, then it can be repaired with our Frit Paint Marker. The paint is oil-based and will not come off when the glass is cleaned.

\$2

DM1094 • Cotton Tipped Applicators • Pkg of 100

Six inches long so you can reach into any bottle.

Wool Daubers • 3/4"

JY1225 • Pkg of 100 • \$10
JZ1226 • Pkg of 1000 • \$87

Wool Daubers • 1/2"

SDT883 • Pkg of 100 • \$10
SDO884 • Pkg of 1000 • \$85

These daubers are made of a thick wool tuft that is held tightly in the center with a strong wire.

HM374 • Digital Pocket Hygrometer/Thermometer

Our hygrometer records temperature and humidity. It has a temperature range from 32°F to 122°F (0° to 50°C) and a hygrometer (humidity) range from 20% to 95% (temperature compensated). Each hygrometer/thermometer comes with a traceable certificate of calibration. This is important so that you can explain accurate, reliable and safe drive-away times to your customer.

\$67

HWM618 • Little Black Box

Idea by: Walter Ray Mills

This 12-Volt urethane warmer measures only 10" L X 7" W X 8" H. It heats up to 300°F and holds 4 tubes of urethane. Made with a durable plastic housing with aluminum lining.

\$73

MHP139 • Equalizer® Hot Pocket

12-Volt Urethane or Moulding Heater.
A portable option to keeping all urethane warm and easy to dispense and mouldings pliable. Heats up to 105°F.

\$180

GL1153 • Urethane Heater

A 12-Volt heating box with a digital thermostat that can heat up to 140°F. Has a 12L capacity and can accommodate urethane cartridges as well sausage packs up to 20 oz.

Outer box dimensions: 16" L x 11" W x 11-1/2" H.
Inner box dimensions: 13" L x 6-1/2" W x 7-1/2" Deep.

\$17

CS1075 • Heavy-Duty Nozzle Cutter

This nozzle cutter is made with a super-sharp, hardened steel blade and the handles can be locked shut with the swivel lock.

\$18

NCT308 • Nozzle Cutter BFC81 • Blades • Pkg of 5 • \$5

A quick, safe and easy way to cut the end off of the nozzle of a urethane tube. The other end of the cutter has a V-shaped blade to remove the front end seal from tubes.

\$45

VNT306 • Top Notch™

Invented by: Glenn Barrett

The Equalizer® Top Notch™ tool is a safe effective way to make a perfect V-Notch. Notch measures 3/4" L x 7/16" W.

\$77

NTL348 • Up-A-Notch™

Invented by: Glenn Barrett

Features a chrome metal body, tempered steel jaws, spring-loaded handle with non-slip plastic grips, and a thumb-controlled jaw locking device. Notch measures 1" L x 1/2" W. Made in the USA.

INSTALLATION TOOLS

The Enforcer™ by Equalizer®

The Enforcer™ is a new, light-weight 20-volt cordless caulking gun engineered by Equalizer® to meet the rigorous requirements of the autoglass installation professional. The Enforcer™ is made of all metal gearing for heavy duty professional use. It has a powerful 1300:1 gear ratio which provides enough force to dispense high viscosity urethane with ease. Features a speed dial with a variable speed control trigger for better bead control and a unique clear barrel with a proprietary coating to reduce friction and eliminate bag wrap.

Choose between the 10 oz. (296ml) cartridge system, 16 oz. (465ml) clear barrel system, 20 oz. (592ml) clear barrel system, or either combo kit. Tool comes complete with a battery and a quick 35 minute charger.

Milwaukee® M18™ Cordless Caulking Gun

This Milwaukee® Caulking Gun delivers a powerful pushing force of 950 pounds and dispenses the highest viscosity materials with ease. The combination of variable speed dials and trigger switch along with the Constant Flow Technology, gives you a steady material flow rate and even urethane beads at all viscosity levels. The auto-reverse feature prevents unwanted dripping of materials. An interchangeable front-end allows this unit to be used with 10 oz. (300ml), 20 oz. (600ml) or quart size (32 oz./946 ml) sausage packs (conversion kits sold separately). For the 465ml urethane packs, you can use the 600ml barrel by pushing the plunger up to accommodate the pack. The safety switch prevents accidental start-ups.

\$236

APC830 • Air-Powered Caulking Gun

This is a true piston-type caulking gun that can be used with 10.3 oz. urethane cartridges or 10 oz. (296 ml) sausage packs. The barrel is made of aluminum and dismantles for easy cleaning. It has a true air regulator that regulates up to 100 psi maximum, an air-regulator pressure adjustment, and an instant dump-valve trigger release. The end cap and barrel are quick-release type and can be removed with just one complete turn of the retainer. *Does not work with the 20 ounce or 450 ml cartridges.

\$8

UTO539 • Urethane Tube Opener

Gives you options for opening different urethane brands when puncturing the front seal and removing the rear seal.

\$60

UTH577 • Urethane Tube Holder

This holder is made to hold ten standard size tubes of urethane. Made of a tough rigid steel. Made in the USA.

\$12

CGL557 • Caulking Gun Light LSB644 • Batteries • Pkg of 2 • \$2

Invented By: Mark Smith

This light was designed to wrap around your caulking gun. Features 9 bright LED bulbs, an on/off button and automatic shut-off after 15 minutes. Battery life of over 48 hours continuous use. Includes 2 batteries.

\$31

KEU451 • Original SqueezePLUG™

For 14.4-Volt Milwaukee Caulking Guns. Old style version that works with the discontinued 14.4-Volt Milwaukee caulking guns.

Patent No.

\$64

AKG26 • 26 to 1 Mechanical Advantage Caulking Gun

Features a patented device which compensates for wear on the push rod.

\$40

GC905 • Powerful 18 to 1 Caulking Gun

Designed to be used with high-viscosity urethanes

\$24

XSP3011 • 26 to 1 Thrust Ratio Caulking Gun

This high-powered caulking gun is made of welded steel and comes with a built-in nozzle cutter. It also has a built-in seal punch.

\$54

CC50 • 26 to 1 X-tra Super Thrust Caulking Gun

Features a revolving welded steel barrel, zinc alloy handle, and a thumb release.

\$30

CKC51 • 18 to 1 Thrust Ratio Caulking Gun

Features a revolving welded steel barrel, zinc alloy handle, and a thumb release.

Mechanical Advantage Caulking Gun

These caulking guns are lightweight and can be ordered with either an aluminum or clear plastic barrel. The high-thrust ratio allows you to pump the most stubborn urethane. The entire barrel swivels so the handle is always pointed at you. The high-thrust rods are heat-treated and last longer than other comparable caulking guns. Each caulking gun comes with three tips and a bulk sausage pack ejector to push out all the urethane.

\$85

**TSA641 • 26 to 1 Caulking Gun
Aluminum**

Size is 3/8" x 3/8" x 1" and made of hard rubber.

\$8

5304001 • GM B-Bodies Rear Window Stop Pkg of 25

Fits all GM B-Bodies Rear Windows and is NAGS® number 20173225.

\$12

5404001 • Chrysler Minivan Stops • Pkg of 25

Fits 84-00 Chrysler Minivan, 81-89 Aries, and 87-95 Le Baron Coupe Convertible and is NAGS® number 3767196.

Marcy® Underglass Mouldings

Marcy® Underglass Mouldings are designed to make for faster, easier installation resulting in a more profitable replacement. The mouldings are self adhesive and flexible allowing for superior cornering. The mouldings are dual extrusion, meaning an extremely thin piece of material holds two pieces together. To make one moulding you separate them. The 90' roll is made up of two 45' sections and the 100' roll is made up of two 50' sections. Made in USA.

- UGM1 is made of a solid, rubber based EPDM
- UGM2 and UGM3 are made of an extremely flexible sponge material useful on tight corners.
- UGM4 is made of medium dense sponge
- UGM5 is made of dense sponge that is strong but flexible.

\$82

UGM1 • 5/16" x 90' • Solid

\$109

UGM2 • 7/32" x 100' • Sponge

\$112

\$114

UGM4 • 9/32" x 100' • Medium Sponge

\$115

UGM5 • 1/4" x 100' • Firm Sponge

INSTALLATION TOOLS

Gold Glass Group Mouldings

Gold Glass Group Mouldings do not shrink or discolor over time, never crimp around corners, always lay flush against the vehicle, never need a heat gun to install, and fit both thick windshields and thin tempered parts. A layer of butyl is embedded into the channel of each moulding and adheres to the vehicle while the urethane cures. This adhesive assures a perfect bond and the cured urethane holds it permanently in place.

INSTALLATION TOOLS

\$85

SSC209 • Equalizer® Super Size Vacuum Cups • Two Cups

These vacuum cups contour better and flatten tighter against the glass. Designed for automotive use and not for plate glass. Do not lift in excess of 100 lbs.

T-Cup Vacuum Cups

TC198 • One Cup • \$73

TC199 • Two Cups • \$144

Designed with an ergonomic handle with a vacuum cup that attaches to curved or flat surfaces for maximum flexibility of use. Do not lift in excess of 70 lbs (32 kg) per cup. Replacement parts are available for purchase. Made in the USA.

Equalizer® Visual Vacuum Plunger Cups

JVC192 • One Cup • \$83

JVT193 • Two Cups • \$157

The Equalizer® Visual Vacuum Plunger Cups feature a red warning line and measures 7" in diameter with a lifting capacity of 90 pounds per cup. Made for curved glass. Replacement parts are available for purchase.

Equalizer® Squeeze Handle Vacuum Cups

JAC196 • One Cup • \$22
JAT197 • Two Cups • \$43

Each cup measures 4-7/8" in diameter and is rated at 35 lbs of lifting capacity. The handles are made of high tensile strength aluminum. Each comes with a protector to keep the rubber pads from being damaged.

Equalizer® Self-Pressure Vacuum Cups

JRC194 • One Cup • \$21
JRT195 • Two Cups • \$39

These cups are made of 100% rubber for flexibility and have anti-slip rings on the handle. The diameter is 6-1/2"; each cup weighs just under 1 lb, and is rated at a lifting capacity of 45 lbs each.

Wood's Powr-Grip Vacuum Cup

VHC913 • One Cup • \$81
VCS914 • Two Cups • \$161

Wood's Cups feature a red line as a warning if vacuum is being lost. Do not lift in excess of 70 lbs per cup. Replacement parts are available for purchase. Made in the USA.

\$246

GEZ543 • AEGIS® Glass Handlers™ Kit

Kit comes with two vacuum cups, a foam elbow pad, instructional DVD, glycerin to clean the cups, and users guide. Replacement parts are available for purchase. Made in the USA.

SIDEKICK™ AUTO GLASS SETTING TOOL

- Sidekick™ acts as the “other person” to install a windshield on your own
- No measuring or precise placement required
- Works from either side of the vehicle
- Works on back glass

Patent No.
8,572,835

\$470

JSK757 • Deluxe Kit

The deluxe kit also includes a double vacuum cup and 2 individual vacuum cups for use on the glass in addition to the Sidekick™ base and upper vacuum cups.

\$272

JSS756 • Standard Kit

The standard kit comes with the Sidekick™ base and upper vacuum cups.

\$12

TJ1432 • Speed Stops™ Pkg of 10

Speed Stops™ are 1/2" long, but the nylon spacers can be quickly removed and shortened so Speed Stops™ will fit any vehicle. They are self-tapping so there is no need to drill a hole.

\$145

HST212 • The Auto Glass Setting Stick™

Invented by: Randy Boone

You can easily install a windshield by yourself without worrying about setting it properly with the Auto Glass Setting Stick™. Measures 48" Long x 2" Wide x 3/4" Thick. Made in the USA.

\$115

RL1382 • HoodStop™

When you set the windshield, the HoodStop™ will stop the windshield in the correct place. Close the hood, dry-set the windshield, set the stop on the windshield in the proper position, and engage the vacuum.

\$1575

KIT3050 • Solo® NEO™

The AEGIS SOLO® NEO™ Windshield Setting System allows a single auto glass technician to handle windshield installations that normally requires two technicians. Works on most vehicles and window curvature from either side of the vehicle. A patented drop-pin ensures a smooth final set without damaging the urethane bead. Made of hardened steel and aircraft aluminum construction. Kit Includes: SOLO® NEO™ Windshield Setting Tool, glycerin, vacuum pump lube, and instructions; all in a hard-sided carrying case. Made in USA.

INSTALLATION TOOLS

\$16

LJ1260 • TopSTOP™ Set of 2

Holds the glass in place while the urethane is curing.

\$121

ULF481 • Equalizer® Ultrasonic Leak Detector

The Ultrasonic Leak Detector can save you time while ensuring accuracy. It's as simple as putting the transmitter into the vehicle, running the receiver over the suspected area, and finding the leak. Transmitter and receiver are each powered by a 9-Volt battery (included). Packaged in a handy carrying case. It has a one-year warranty.

\$6

ME0072 • Marcy® Moulding Retention Tape

Marcy® Moulding Retention Tapes are designed to secure mouldings until the urethane cures. The rolls are perforated every 6 inches and have a 24-Hour imprint. Measures 1-1/2" x 108'. Made in the USA.

Gold's Retention Tape

This tape is designed to temporarily retain the moulding in the proper position while the urethane is curing. This tape leaves no residue, repels water, and is translucent so you can see beneath. Each roll is 108' long and 1-1/2" wide, except the GOR0206 that is 2" wide.

GOR1206 • Orange, No Imprint, Perforated Every 6" • \$7

GOR1226 • Orange, 24-Hour Imprint, Perforated Every 6" • \$8

GOR0206 • Orange, No Imprint, Perforated Every 6" • \$10

GOR1224 • Orange, 24-Hour Imprint, Perforated Every 3" • \$8

GOR1201 • Orange, No Imprint, No Perforations • \$7

GCL1200 • Clear, No Imprint, Perforated Every 3" • \$7

GCL1224 • Clear, 24-Hour Imprint, Perforated Every 3" • \$8

\$10

PHT318 • Moulding Hold Down Tool

Designed to hold the emblem or moulding in place while the adhesive cures. Mounts with a vacuum cup and features an adjustable knob to control amount of pressure applied. Made of high-impact plastic.

INSTALLATION TOOLS

Rain & Light Sensors

All sensors come with adhesive pre-applied and all kits contain a primer capsule to prime the glass before applying the sensor (if needed). Easy to follow installation instructions are included with each sensor.

Sensor Replacement Pads

Many times you are able to save the sensor, but must replace the pad. All of our sensor pads come with primer and easy to follow directions.

SPECIALTY HAND TOOLS

\$48

DZ623 • MultiSpanner™

Our MultiSpanner™ is made of a sturdy steel block and has five different sizes and configurations of pins. Designed to use a 1/4" socket wrench with an extension.

\$48

ASW576 • Adjustable Retaining Nut Removal Tool

Also called a spanner wrench. The unique design allows it to be brought close together or set wide to fit a variety of different size retaining nuts. Made of hardened steel.

\$8

LSW583 • Window Retaining Nut Removal Tool

Designed for Ford, GM and Chrysler vehicles. The slide-through handle allows you to work in confined spaces or to remove a glass that is not broken. Made of steel and plated to prevent rusting.

\$74

PRT305 • Friction Pin Tool

With five adjustable settings this tool will remove and replace any swing or pop-out latch friction pins.

\$85

ERT470 • Equalizer® Pop Rivet Setting Tool

This pop rivet setting tool comes with the two most commonly used sizing nuts and also has another three sizes for anything else you might encounter for a total of 5 different sizing nuts. The nosepiece is 5-1/2" long to reach deep inside any door. It features a small plastic bottle between the handles that catches the shank of the pop rivet. Includes an extra pair of jaws (that pull the rivet) and a wrench to change the sizing nuts.

\$36

DO1097 • Twistable Head Pop Rivet Tool

Designed with a unique head that can be rotated all the way around to point in any direction. Features an extended nose for hard to reach places. It comes with 4 different sizing nuts for use with 3/32", 1/8", 5/32", 3/16" rivets and a wrench to change them. Steel construction with a vinyl grip.

\$30

HR822 • Short Rivets Box of 100

For installing regulators and door handles.
Diameter 1/4" Grip Range
Max. 9/64"

\$40

HR823 • Long Rivets Box of 100

For installing door glasses.
Diameter 1/4" Grip Range
Max. 5/8"

SPECIALTY HAND TOOLS

\$1

IS742 • Equalizer® Installation Stick

The most used tool by Auto Glass Technicians. Can be used to manipulate the urethane, remove door panels, install rubber gaskets, remove mouldings, lift the cowlings, and tuck in headliners.

\$2

ISC741 • Equalizer® Chisel-End Installation Stick

Use the rounded tip for all the things you now use a regular installation stick for, and then turn it around and use the chisel-end to scrape excess urethane buildup out of corners where a pinchweld scraper or blade will damage the paint. They are great for removing excess wet urethane.

Custom Installation Sticks

JD1221 • Standard • Pkg of 1000 • \$1089
JC750 • Chisel Point • Pkg of 1000 • \$1809
ICR754 • 500 Standard & 500 Chisel Point
Pkg of 1000 • \$1449

Print your company logo and information in full color on installation sticks to give to your customers. Use your artwork or we can customize a design for you for a one-time set-up fee. Price is for one side only.

Installation Stick Handle

ISH691 • Handle Only • \$4
IWH692 • Handle With Stick • \$5

A tool handle that is hollowed out in such a way that it will allow an installation stick to be slipped inside and fastened with a set screw. Replacement screws available.

\$19

LS758 • Locking Strip Tool

RU1391 • Curved Shaft Locking Strip Tool

The unique design of this tool allows the tip to swivel 90° in either direction to work where others will not. Four different type eyelets will fit most rubber locking strips on the market.

\$6

LGM207 • Locking Strip Tool

The narrow jaws open the rubber gasket and a small piece of metal rolled under the center part forces the locking strip into place. Works on Ford, Chevy and Mack trucks, as well as BMW and recreational vehicles. This tool is made of chrome-plated, hardened steel.

\$24

PA1348 • Locking Strip Tool

Features 6 different size tips that can be changed in seconds by loosening the hex screw. The tips range in size from 3/8" all the way up to 3/4". The 3/4" tip has a 90° angle to give the proper angle on wide, flat-type locking strips.

SPECIALTY HAND TOOLS

\$48

BDA251 • Footloose™

With Footloose™, you can push out on the glass with one hand while you release the rubber gasket with the other.

\$12

RGC751 • Equalizer® Rubber Gasket Cleaner

Designed with a chisel-end that is sharpened on the end and sides so it will clean glass and old sealant out of the gasket with one, easy pulling motion while keeping your hands clear of the glass.

\$17

RT752 • Equalizer® Rope Insert Tool

This tool is designed to ease the rope under the lip and set it in the groove of the gasket. Has a 20 foot length of rope that will reach around the largest rubber gasket. Made in the USA.

\$16

PT697 • Pigtail Tool For Self-Locking Rubber Gaskets

Designed to fold the self-locking rubber into the locking part of the gasket.

\$12

MQ1292 • Self-Locking Rubber Gasket Tool

The curved polished steel tip of this tool will slide the locking rubber in easily.

\$12

MR1293 • Ball End Self-Locking Rubber Gasket Tool

The steel ball makes it very difficult for the tool to come out of the rubber gasket lessening the chance you will scratch the paint of the vehicle you are working on.

\$36

RGL34 • Self-Locking Rubber Gasket Tool

RFE39 • Pigtail End Replacement • \$11
RFS40 • Straight End Replacement • \$10

The pigtail end of the tool is most useful when the self-locking rubber is not very old and still a little stubborn. The straight end works great when the self-locking part goes into place easily. Made of cast aluminum with steel ends.

SPECIALTY HAND TOOLS

Equalizer® Double Bend Rubber Hook Tool
RT753 • Short • \$12
RTL895 • Long • \$16

Designed for pulling the rubber gasket over the pinchweld on rubber set jobs. Has a bent-then-curved end. RT753 shank measures 3-1/4". RTL895 shank measures 7-1/2". Made in the USA.

Equalizer® Straight Rubber Hook Tool
AHT817 • Short • \$12
AHL818 • Long • \$16

These tools have a longer hook section to reach over any pinchweld and grab the rubber gasket. AHT817 shank measures 4-5/8" and AHL818 measures 7" from the curve to the point where it goes into the tool. The hook is 1-1/2" long from curve to tip.

\$12

RTS773 • Equalizer® Single Bend Hook Tool

The shaft of this tool is bent in one direction and is normally referred to as a straight bend which indicates there is no side-to-side curve in the tool. Made in the USA.

\$12

MT1295 • Equalizer® Narrow Nose Hook Tool

This tool is an 1/8" thick at the bend and tapers down to 1/16" at the tip. Made of hardened steel and chrome-plated.

\$12

HTS923 • Hook & Pick Set • Set of 4

Our Hook & Pick Set helps you pry up the smallest items. The straight pick also works great when you are trying to align small holes. Tools measure 6-1/2" Long.

\$12

LG1257 • Pattern Making Pencil

Use our Pattern Making Pencil to make a pattern when a glass is missing in a piece of heavy equipment. Most rubber gaskets have a 5/16" space between the rubber and the pinchweld. This pencil has a plastic ring that spaces the pencil exactly 5/16" inside the pinchweld and makes a perfect pattern. Made of aluminum with a collet holder that keeps the pencil in place.

\$44

LY1275 • Radius Patterns • Set of 9

Use these patterns to determine the radius, then measure the size of the opening. Radius Patterns have 9 circles starting at 1" and increasing in 1/4" increments up to 3".

\$18

LY1275-6 • Radius Pattern

6" add on to the LY1275 pattern set.

6" Radius Pattern Sold Separately
Part No. LY1275-6

Fletcher Glass Cutters

High-quality glass cutters made in the USA.

\$55

FT01711 • Ball End • Fluid Dispensing

This glass cutter is made with a tungsten carbide cutting wheel angled at 140°. The head can be locked for straight cuts or placed in a swivel position to swivel around a radius cut.

\$42

FT01702 • Ball End • Fluid Dispensing

This glass cutter is made with a tungsten carbide cutting wheel angled at 140° and has a brass ball end.

\$6

FT01826 • Steel Wheel • Ball End FT01827 • Box of 12 • \$69

Features a steel cutting wheel angled at 130° and has a steel ball end.

\$26

FT01213 • Straight End FT01214 • Straight End Box of 12 • \$296

\$27

FT01219 • Ball End FT01220 • Ball End Box of 12 • \$308

Made with a carbide wheel that is angled at 124°.

\$7

\$7

FT01118 • Ball End FT01119 • Ball End Box of 12 • \$85

Features a steel wheel angled at 120°

Toyo Glass Cutters

Toyo Glass Cutters are high-quality, self-oiling glass cutters that come in six translucent colors as well as clear acrylic. Because they are translucent you can see how much oil is in the cutter. Each cutter utilizes an end cap with a seal so the oil will not leak from the end of the cutter.

\$34

AF1009 • Choice of Color

\$197

AX1027 • Box of 6
One of Each Color

\$35

AE1008 • Clear Acrylic Supercutter

\$6

AG1010 • Cutting Oil
4 Oz.

Odorless, synthetic lubricant specifically formulated for self-oiling cutters. Non-corrosive and water-soluble for easy cleanup.

\$11

FT09541 • EnviroGOLD™
Glass Cutting Fluid • 4 Oz.

Extends the life of the cutting blade. It is biodegradable, non-flammable, non-toxic, and non-corrosive.

SPECIALTY HAND TOOLS

\$12

AC1006 • Straight Jaw Glass Breaking Pliers

Our Straight Jaw Pliers measure 8" long and have a flared jaw that goes from 1/2" at the swivel to 1" at the tip. Cast from steel and machined to a smooth finish.

\$16

AD1007 • Drop Jaw Glass Breaking Pliers

Our Drop Jaw Glass Pliers measure 9" long and have a nose that flares from 1/2" at the swivel to 1" at the nose.

\$23

FT06112 • Fletcher 8" Glass Breaking & Glass Running Pliers

This tool's unique design lets you switch the jaws from glass breaking to glass running. The pliers are made of a super-tough reinforced plastic material and will give you years of carefree service. Made in the USA.

\$109

PTK324 • Equalizer® 41-Piece Professional Technician Socket Set

Made of high-quality, chrome vanadium steel. Set contains the following items in a foam lined plastic carrying case:

Standard sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2"

Metric sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm

Deep well sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2"

Metric deep well sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm

Extensions - 1/4" drive: 6", 3"

Nut driver: 1/4"

Ratchet - 1/4" drive; Short ratchet - for confined spaces.

\$175

PTN325 • Equalizer® 66-Piece Professional Technician Socket Set

Made of high-quality, chrome vanadium steel. Set contains the following items in a foam lined plastic carrying case:

Standard sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2";

3/8" drive: 9/16", 19/32", 5/8", 11/16", 3/4"

Metric sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm;

3/8" drive: 14mm, 15mm, 16mm, 17mm, 18mm, 19mm

Deep well sockets - 1/4" drive: 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16", 1/2";

3/8" drive: 9/16", 5/8", 11/16", 3/4"

Metric deep well sockets - 1/4" drive: 5mm, 5.5mm, 6mm, 7mm, 8mm, 9mm, 10mm, 11mm, 12mm, 13mm;

3/8" drive: 14mm, 15mm, 16mm, 17mm, 18mm, 19mm

Extensions - 1/4" drive: 6", 3";

3/8" drive: 6", 3"

Nut driver - 1/4"

Ratchet - 1/4" drive, 3/8" drive; Short ratchet for confined spaces - 1/4" drive, 3/8" drive.

Includes the following sizes:
T10, T15, T20, T25, T27, T30, T40.
Made in the USA.

\$42

BAS550 • Angle Screwdriver Without Handle

For a power drill/driver.
One #2 Phillips screwdriver bit
included.

\$48

AW1026 • Angle Screwdriver

Our Angle Screwdriver has a thumb brace that allows you to swivel the driver to any angle and use your thumb to keep it from rotating while you remove a screw. Comes with six screwdriver bits: one each #1, #2, #3 Phillips and one each #3, #5, #8 slotted, stored in the flip-cap handle.

\$423

260122 • Cordless 1/2" Compact Drill Driver Kit

The M18™ Cordless 1/2" Compact Drill Driver has a long run-time and needs fewer battery changes. The balance, weight, and grip of the tool have been optimized to reduce fatigue. Its superior bit-grip prevents frequent bit retightening and lost bits while the built-in LED's illuminate your work surface.

Kit Includes: 1-M18™ Cordless 1/2" Compact Drill Driver, 2-M18™ Compact Battery Packs, and 1-30 Minute Charger. All in a handy plastic carrying case.

\$12

15557 • 10 Piece Drill Bit Set

This set includes the smallest bit starting at 1/16" and graduates in increments of 1/64" with the largest bit being 1/4".

\$76

TBS1486 • Super Torx® Bit Set

Includes the following sizes:

T-60 with a 1/2" ratchet drive, T-55, T-50, T-47, T-45, T-40 each with a 3/8" ratchet drive, and T-30, T-27, T-25, T-20, T-15, T-10 each with a 1/4" ratchet drive. Made in the USA.

\$40

RHR584 • Rivet Head Removal Drill Bit

Removes the rivet head and leaves the steel stem in place. This allows you to push the remaining aluminum shank and the rivet stem out to release the rivet. Made of hardened steel in the USA.

RSR800 • Equalizer® Rock Star® Repair System

Our Rock Star® Repair System is designed to form a strong and clear repair with quick performance. The bridge and stainless steel injector assembly features a combination design which allows for quick and easy alternation between vacuum and pressure cycles. Included is our specially formulated pit resin that is extremely fast wicking and produces unparalleled optical clarity and strength. It creates a powerful bond to the glass surface, but is easy to scrape off the excess and then polish to perfection with our non-abrasive pit polish. Made in the USA.

System includes: Bridge and injector assembly, large threaded pit adaptor, UV shield, probe, mirror, cleaning brush, wisk brush, 25 mylar squares, pit tape roll, 12-Volt UV curing light, LED flashlight, 25 razor blades, 'O' ring kit, .5 oz. thin viscosity resin, .5 oz. pit filler, 1 oz. pit polish, .7 oz. rain resin, and 1 oz. cleaning solution. All items come in a foam lined case.

\$302

VBA1443 • Rock Star® Bridge & Injector VIA1502 • Injector Assembly Only • \$242

The bridge and injector assembly features a vacuum cup and adjustable tension screws. The injector has a combination design that allows for quick and easy alternation between vacuum and pressure cycles. It also features a simple one step resin filling port by just simply removing the plunger rod. The injector is solid stainless steel and the bridge is durable and easy to clean. Made in the USA.

\$44

VOR1468 • Rock Star® O-Ring Kit

Estimated measurements for "O" rings in kit: **10 Large White:** 3.5mm thick, 13mm OD, 6mm ID; **10 Small White:** 2.5mm thick, 10mm OD, 4mm ID; **10 Brown:** 2mm thick, 12mm OD, 8mm ID; **5 Black:** 2mm thick, 13mm OD, 10mm ID

Rock Star® Large Pit Adapters VPA1503X • Threaded • \$14 VSPA1504 • Vertical • \$19

A pit can be repairable, but may be too large for the normal injector to fully cover the impact point. In this case you need a Large Pit Adapter. It sets onto the end of the injector and forms an airtight seal. The Threaded model works on most standard windshield applications. The Vertical model is needed for RVs, Buses, & Heavy Equipment.

\$479

**KWR1491 • Equalizer®
Deluxe Windshield
Repair Kit**

Our Deluxe Windshield Repair Kit is designed with all of the essentials for windshield repair.

The kit includes: 1 of Each; Repair Bridge System, UV Light, 9.6V Rotary Tool & Charger, Single Point Probe, Coated Safety Gloves, Glass Cleaner, Safety Glasses, Instructional DVD, Repair Manual/Business Guide, Pre-Chipped Practice Glass. Plus 5-Drill Bits, 100-Razor Blades, 10 Inner O-Rings, 5-External End Seals, 2-Resins (.5 oz.), 2-Pit Fillers (.25 oz.), and curing film for 100 or more repairs.

Includes six syringes and three needles.

\$206

UV528 • Glass Star® Windshield Repair Kit

Kit contains: 2 standard injectors, 2 hoses, 1 UV curing lamp, 4 AA batteries, 1 cure guard, 2 flow regulators, 1 carbide probe, 18 adhesive alignment seals, 18 pedestals, 1 bottle UV resin (1/4 oz.), 1 bottle thin resin (1/4 oz.), 1 razor blade holder with razor blade, 20 mylar squares, and 1 bottle of buffing compound to smooth the surface of the repair.

\$405

UV24DX • Glass Star® Super Vac Windshield Repair System

The quick-mounting pedestal and resin chamber mount in seconds and are easy to load. The vacuum injector and dual-action valve evacuate the air with a precise 30" of hg vacuum. Turn the valve on the injector, and it injects a specially formulated, liquid ultraviolet light-cure resin from the pedestal to fill the entire cavity. Kit contains supplies for 24 repairs.

Kit contains: 1 of Each; large injector, flow regulator, UV cure guard, bottle UV quick cure resin (12ml), UV curing lamp, lamp adapter to connect lamp to power point, razor blade and holder, 12-Volt drill, bottle pit polish (1/4 oz.), and carbide probe. Also 2 drill bits, 2-30" hoses, 24 adhesive alignment seals, 24 pedestals, 24 mylar squares, and instructional manual, all packaged in a compact carrying case.

Super Vac Re-Supply Pack

SVR24 • 24 Repairs • \$145

SVR48 • 48 Repairs • \$266

This is ideal for use with any Glass Star® repair system that uses the Super Vac injector assembly. Each re-supply pack comes equipped with all the materials you need to complete 24 or 48 repairs, including replacement parts.

The SVR24 kit contains: 1 bottle (12ml) UV quick resin, 1 flow regulator, 1 hose, 1 bottle pit polish (1/2 oz.), 1 razor blade, 24 adhesive alignment seals, 24 pedestals, 24 mylar squares, and a user guide.

The SVR48 kit contains: 1 bottle (24ml) UV quick resin, 1 flow regulator, 1 hose, 1 bottle pit polish (1 oz.), 1 razor blade, 48 adhesive alignment seals, 48 pedestals, 48 mylar squares, and a user guide.

\$42

INJ581 • Standard Injector

\$48

IBV • Large Injector

\$48

P536 • Pedestals • Pkg of 25

One time use. For use with AS537.

\$44

**CFR383 • Crack Filling Resin
0.5 Oz.**

Thinner than most resins and commonly used when repairing a crack.

\$44

**CTR384 • General Purpose Resin
0.5 Oz.**

Repairs normal breaks, bull's-eye breaks and acts as a pit filler.

\$24

AS537 • Adhesive Pads • Pkg of 25

Disposable pieces of double-faced tape. For use with P536.

\$7

FR1 • Flow Regulator

\$7

CCG349 • Cure Guard

Protects resin from UV light while repair is being made.

\$8

H538 • Hose 30" Section

REPAIR

\$170

IX1215 • 12-Volt Ultraviolet Lamp

Plugs into your power point with a 20' cord.

\$156

GKT434 • 12-Volt UV Curing Lamp

Cord stretches up to 9' long.

\$48

CLU573 • UV Light

UF574 • Replacement Bulb • \$15.68

Includes bulb. Requires four AA batteries (not included).

\$30

VUV1447 • UV Curing Light

UF574 • Replacement Bulb • \$15.68

Also a flashlight. Includes bulb and four AA batteries.

\$22

VUS1501 • UV Shield

Square shield to protect the repair area from UV rays. Measures 15-1/2" with suction cups on each corner and an opening for the bridge and injector assembly.

\$36

CLC827 • UV Light Converter

Use this converter in place of AA batteries in your CLU573 UV Light. Plug 12-Volt end of converter into the power point of the vehicle you are working on to power unit.

\$19

VFL1463 • LED Flashlight

Produces a powerful white light which will allow you to see what may be overlooked with conventional flashlights.

\$115

JDS101 • Windshield Chip Moisture Evaporator

Used to remove moisture from a break/crack but also works well when you need to warm the glass surrounding the break/crack prior to a repair. Cord measures 7' long.

\$28

EC740 • 12-Volt Extension Cord

Measures 10'6" long.

\$60

RGD490 • Rechargeable Glass Drill

\$42

**CCB491 • Carbide Glass Drill Bits
Pkg of 10**

For use in RGD490 drill.

\$36

DFG191 • Glass Drill

This is a 12-Volt variable speed glass drill that will plug into any power point. It has a speed of 13,000 RPM. Cord measures 67" or a little over 5-1/2 ft.

\$12

VPS1460 • Probe

Hardened stainless steel probe with inter-changeable tips for cleaning broken glass out of a bull's-eye break.

\$12

**VCD1464 • Carbide Drill Bits
Pkg of 5**

For use in the DFG191 drill.

\$7

RB497 • Razor Blades • Box of 100

\$12

VPT1489 • Pit Tape Roll

**Mylar Curing Sheets
VS1470 • Pkg of 25 • \$7
VS1474 • Pkg of 100 • \$17**

These are used to hold the pit filler resin in place and keep it flat while it cures.

\$14

VRM1467 • Mirror

\$6

VWB1462 • Wisk Brush

Great for cleaning debris out of the pit.

\$7

VCB1461 • Cleaning Brush

For cleaning inside the injector.

\$7

BEM828 • Bull's-eye Maker

Use this to make a perfect bull's-eye in a glass so that you can practice your repair techniques.

REPAIR

Equalizer® Thin Viscosity Resin

VTR1448 • .5 Oz. • \$22
VTL1449 • 1 Oz. • \$39

Thin resin (10 cps) is a general use resin for repairs in all climates. It wicks extremely fast and produces unparalleled clarity and strength.

Equalizer® Tinted Crack Repair Resin

TRR652 • .5 Oz. • \$22
TRO653 • 1 Oz. • \$39

This is a thin viscosity formula which produces extremely clear and strong repairs in any climate or repair situation. The added tint helps "disguise" its presence in the crack and adds to visual clarity. It can also be used as a general repair resin.

Equalizer® Medium Viscosity Resin

VMR1450 • .5 Oz. • \$22
VML1451 • 1 Oz. • \$39

Medium resin (40 cps) is an ideal choice for hot climates and, just like our thin resin, has unparalleled clarity and strength.

Equalizer® Acid Free UV Resin

VAF1471 • .5 Oz. • \$22
VAL1472 • 1 Oz. • \$39

A low-odor, acid free windshield resin. This medium viscosity formula produces extremely clear, strong repairs in any climate or repair situation. Use as a general repair and/or pit filler.

Equalizer® Pit Filler Resin

VPF1452 • .5 Oz. • \$22
VPL1453 • 1 Oz. • \$39

This is an extremely hard curing resin, creating a powerful bond to the glass surface. It is also easy to scrape off and then polish to perfection with our non-abrasive pit polish.

\$8

VPO1455 • Equalizer® Pit Polish • 1 Oz.

A non-abrasive pit polish that gives the repair a smooth finish.

\$8

AVL209 • Equalizer® Cup Lube • 1 Oz.

To maintain the vacuum cups and keep them soft and pliable. Can also be used on cups for easy movement of the bridge assembly or repair mirrors without having to remove and replace.

\$6

VCB1454 • Equalizer® Cleaning Solution • 1 Oz.

Formulated especially to clean the Equalizer® Rock Star® Injector.
*Not to be used on vacuum cups.

\$36

XP647 • X-Phobic Pre-Treatment • 1 Oz.

X-Phobic will remove any contaminant in the break and on the glass. For use as a pre-treatment, before applying your resin of choice.

\$36

XB649 • Xtra Bond Pre-Treatment • 1 Oz.

Allows windshield repair adhesives to have a greater bond to the windshield glass by etching and priming the surface of the crack. For use as a pre-treatment, before applying your resin of choice.

\$32

RR651 • Rain Resin 0.7 Oz.

This waterproof resin will absorb and dissipate water.

\$24

XPA648 • X-Phobic Additive • 0.1 Oz.

This is a resin additive that removes all contaminants (such as Rain-X®) off of the glass surface and from within the break.

\$24

RRA654 • Rain Proof 0.1 Oz.

Rain Proof will make your resin miscible with water (able to be mixed without separating) so you can do repairs with water in the break.

\$24

XBA650 • Xtra Bond Additive • 0.1 Oz.

This is a resin additive that prepares the surface to be bonded which increases the adhesive bond of the resin to the glass.

\$126

DRK672 • Master Defroster Repair Kit

Our Master Defroster Repair Kit comes with everything you need to make dozens of repairs and comes neatly packaged in a compartmentalized plastic box. Store in a cool, dry place. Product has a one year shelf life.

\$54

TBA674 • Tab Repair Kit (Combined 0.24 Oz.)

\$49

TPS676 • Solder Paste • 0.21 Oz.

\$29

DRT671 • Tabs • Pkg of 5

\$31

TGR677 • Grid Repair 0.18 Oz.

\$30

DRC673 • Connectors • Pkg of 5

WorkStand Wheeler

SUPPLIES & ACCESSORIES

\$60

HDK629 • Equalizer® Heavy-Duty Windshield Stand

Made of 1" tubing covered with a foam that grabs and holds the glass. Stand measures 28" wide with an adjustable height from 30" to 39". Assembles quickly with just 6 bolts and holds 150-200 lbs.

\$9

I0664 • Windshield Stand Replacement Pad

\$28

STA668 • Equalizer® Stand-Aid™ • One Unit

Invented By: Jarrett Lafferty

A quick and easy fix for cracked, pitted, or torn windshield stand covers. Stand-Aid™ is a reusable cover made of 5 mm neoprene fabric and a Velcro® closure strip. Measures 9" W x 19-1/4" L.

\$48

WSW208 • Work Stand Wheeler

The Work Stand Wheeler helps technicians to move loaded work stands easily. It fits square or round, X-Frame type tube stands and has a low 3" profile. The entire unit measures only 36" in length.

Burco® Redi Rack™

Constructed of heavy-gauge steel with a powder-coat finish for all-weather protection and low maintenance. Secures windshields in place with the proprietary finger-lock design to prevent damage in transit. Made in the USA.

\$500

**BS1047 • 5-Slot With
15" Masts**

\$599

**BT1048 • 9-Slot With
15" Masts**

\$762

**BV1050 • 9-Slot With
24" Masts**

\$16

BW1052 • Slick Eddie™

Reduces friction between the windshield and rubber base. Free with each Burco® windshield rack purchase.

Lo-Rider™ Folding Glass Racks

NSE825 • 5-Slot • \$505

NSE826 • 9-Slot • \$771

Patent No.
5884778

Designed with four friction pins to hold the mast assembly in a vertical position. When you want to fold the mast, pull out the four friction pins, and then lay the masts down. Constructed with heavy-duty aluminum with wide mast spacing allowing you to carry any size glass panel. Easy loading of glass from top or side allows you to work out of trucks or vans. Pre-assembled. Made in the USA. The NSE825 measures 20-1/2" L x 30" W x 21" H. The NSE826 measures 32-1/2" L x 30" W x 21" H.

Foam Dash Insulation

FDI896 • 3/4" (20 mm) • \$19

FDI897 • 15/16" (25 mm) • \$22

FDI898 • 9/16" (15 mm) • \$15

The foam strip on the inside of the vehicle between the glass and dashboard is often damaged upon windshield removal. This compressed foam can be used to replace the damaged strips helping to reduce noise and create a factory finish. When released, it expands during 24 hours to its maximum height. Each roll is 5' long (1.5 M).

Foam Installation Tape

OSA6492 • 1/8" x 3/16" x 18' • Box of 12 • \$50

OSA6493 • 3/16" x 3/16" x 18' • Box of 12 • \$56

OSA6494 • 1/4" x 1/4" x 18' • Box of 12 • \$73

OSA6495 • 5/16" x 1/4" x 18' • Box of 12 • \$79

OSA6496 • 3/8" x 1/4" x 18' • Box of 12 • \$88

Commonly called foam dams, they prevent urethane from squeezing into the vehicle, form an acoustic barrier, and they give a nice and smooth looking finish to the inside of a vehicle. Made of Neoprene with adhesive on one side.

Foam Core Butyl

NO1336 • 6 Pieces Per Box • \$50

NP1337 • 6 Pieces Per Box • \$61

Foam core butyl provides a unique, "memory foam" capability that butyl alone does not have and provides a leakproof seal every time. Perfect for custom windows in vans, sunroofs or any bolt-in type glass.

NO1336 measures 16' Long, 6mm D

NP1337 measures 16' Long, 8mm D

Before

After

\$20

CER1529 • Cowling End Replacement • Pkg of 2

Replacement cowl ends (left and right-hand sides) for applications where U.V. degradation has occurred.
For 2004-2008 F-150.

\$73

UCM1600 • Equalizer® Universal Cowl Moulding

Used to ensure a solid adhesive bond of the rubber strip to the cowl after windshield replacement. Also to replace original cowl moulding when it deteriorates, tears, or breaks.
100 Ft. Roll.

Cowl Fasteners • Pkg of 25

\$14

AH1011 • Z-Poxy™

Specially formulated to bond plastic, metals, wood, fiberglass, etc. Produces a tough permanent bond in just 5 minutes. It is resistant to shock and solvents, is non-shrinking, and has excellent gap-filling characteristics. Contains 2 fl. oz. of hardener and 2 fl. oz. of resin. Made in the USA.

\$17

RF1700 • RAPIDFIX® Dual Adhesive System

The RapidFix® combination of an instant adhesive plus a welding powder is an incredible tool that repairs almost anything. The adhesive is an advanced polymer that can quickly - sometimes instantly - bond most materials. The welding powder is a complementary formulation that enables even stronger bonds, and can repair holes, cracks, and gaps. RapidFix® dries clear and areas treated with RapidFix® can be filed, sanded, and painted almost immediately. Comes with one 5ml bottle of adhesive and one 5ml bottle of welding powder.

\$104

21426 • Loctite® Fast-Cure Epoxy

10 self-contained mixer cups that hold the 2 parts of the epoxy solution separately until the seal is broken and the cup expanded to mix together. Five minute cure time.

\$54

75644 • Sealstrip • 100' Roll

Sealstrip is used to attach a bottom channel to a glass or to form a bond between a metal frame and a glass. Made of an all-rubber compound with inherent adhesive qualities. Measures 1/32" Thick x 1-1/2" W.

SUPPLIES & ACCESSORIES

\$16

WH745 • Window Holders • Pkg of 2

Hold up the door glass while you work on the channel or regulator. Loop the cable over the door frame and attach the suction cups to each side of the glass. Made in the USA.

\$10

MD1280 • Universal Bottom Channel Attachments • Set of 2

These attachments have a small nylon screw that will temporarily hold them in position while the adhesive cures and permanently attaches them to the glass. We suggest attaching them with a quick-setting urethane or epoxy such as our Part No. 21426.

\$28

RW1393 • Window Things • Pkg of 50

Window Things fit most Ford, Chrysler and GM vehicles. No need for snap-through, screw-type retainers. They are made of Zytel® nylon and tested in extreme heat and cold. Simply snap through holes in the glass, line up the channel and insert the screw.

\$16

NMT448 • Mechanical Pick-Up

Small plastic pieces and many of the metals used in vehicles today are non-ferrous, and a magnet does not attract them. Our Mechanical Pick-Up is designed with steel fingers that are spring-loaded and will grip an item up to 1" in diameter. The closed diameter of the "jaws" is less than 3/8". The Mechanical Pick-Up is 24" long, has a flexible shaft and will reach into the deepest recessed areas to retrieve an item. Also features an LED light that runs on 3-LR41 batteries (included).

\$85

MK201 • Lock Out Kit

With this kit you can open most vehicles on the market. Kit contains: a slide lock button tool, dual release tool, narrow release bar, wide release bar, JapanEASY tool, Wonder Tool, knob grabber, gas cap key, nylon wedge, and an instruction manual. Made in the USA.

\$11

MT690 • Telescopic Magnet

The Telescopic Magnet extends to 24" long and collapses to 4-3/4" long for easy storage. This powerful magnet can lift up to 2 pounds. Made in the USA.

\$18

FL203 • FlexLight

FLB232 • Bulb & Shaft Assembly • \$9

FlexLight has a 9" flexible shaft that stays bent in any direction, even around corners, so you can shine light directly where it is needed. It operates on two AA batteries (not included).

\$48

THH312 • Telescoping Hood Holder

Designed to hold the hood of the vehicle open. Collapses to 20" in length and will expand up to 47" long. Made in the USA.

\$16

PJ1257 • Gas Lifter Locking Device

This small, easy-to-use device attaches to the metal rod on the gas cylinder under the hood or lift gate to hold it up. A bright fluorescent flag alerts you that it is still in place when the job is finished.

\$86

SL493 • Wheelstep™

Wheelstep™ hooks over the wheel of the vehicle to give you a 12" to 20" boost, depending on tire size. Rugged 1" tubular steel easily supports up to 200 pounds. The 22" wide non-slip, safety-surface gives positive traction. Folds flat for compact storage.

\$48

SRH707 • Soft Rubber Hammer

Our hammer is made of Sorbothane®, which is a softer material less likely to damage a vehicle.

\$119

HP2331 • Heavy-Duty 3-Drawer Toolbox

The external shell is made of high-impact polypropylene resin. It has a large storage area on top and three durable steel drawers with full-extension slides that lock when the lid is closed. It measures 23" wide, 13-1/2" deep and 10-1/2" tall.

\$13

CH1064 • Fractional Measuring Tape

The fractional measuring tape has every 1/8" marked. It is 25' long with a 1" wide blade and has the locking hold function.

\$27

CO1396 • Can Organizer

The Can Organizer can be mounted on the wall of your mobile vehicle and keeps cans neatly stored away. Has five slots and is made of heavy duty plastic.

SUPPLIES & ACCESSORIES

\$85

BVS925 • 1 x 1 Vacuum Cleaner
BFF928 • Replacement Filter • Pkg of 3 • \$12

A portable and compact 1 gallon wet/dry vacuum cleaner. Includes the following: wall mounting bracket, 4' flexible hose with a round nozzle, crevice tool, gulper nozzle, reusable foam sleeve, disposable filter bag, and a 6' power cord.

\$139

BES924 • 6-Gallon Vacuum/Blower
BCF929 • Replacement Filter • \$24

Our 6-Gallon Vacuum Cleaner is a large capacity unit with a powerful 3-horsepower, 8 amp (960 watts) motor. Can convert to a blower. Comes with an 8' x 1-1/4" hose, two extension wands, 10" squeegee, crevice tool and reusable filter. Made in the USA.

\$215

088020 • Milwaukee 18-Volt Vacuum
49901900 • Replacement Filter • \$36

This 2-Gallon vacuum features a stackable toolbox design, a long continuous run time, high air power and powerful suction. Includes: reusable filter, hose, crevice tool, and a wide nozzle. Uses all Milwaukee 18-Volt slide-on batteries, LI-ION or NiCd. Battery and charger not included.

\$306

DC515K • DeWalt® 18-Volt Vacuum

This vacuum has a 1/2-gallon capacity and includes a Gore™ HEPA wet/dry filter. Use the front utility nozzle or remove and use the 30" extendable hose, which is friction fitted into the utility nozzle. Comes with one 18-Volt battery and 1-One Hour Charger.

\$24

SU1423 • ScrubRack

Wall mounting bracket for the Scrubs® In-A-Bucket.

\$6

SBS732 • Spray Bottle

8 oz. spray bottles that can be adjusted to fine, medium or hard mist. The sprayer is made of polypropylene and the bottle is made of high-density polyethylene.

\$13

**DL1093 • Lint-Free Wipes
Pkg of 50**

Our Lint-Free Wipes get rid of all the lint and give you a totally clean surface so your urethane will bond completely. Each wipe measures 13" x 13".

\$26

BR1046 • Scrubs® In-A-Bucket

Pre-moistened, heavy-duty towels with pumice scrubbing power. Their powerful yet safe cleaning agents work together with an absorbent hand cleaning towel. Each bucket contains 72 towels that are 10-1/2" x 12-1/4".

\$16

PB1349 • Tech-Wipes™

Tech-Wipes™ are rugged, non-marring towels that contain aloe and have a mild citrus scent. Each flip-top container comes with 72 towels that are 10" x 12".
